Deliverable item

Digital Marketing Terms

Clause / Category	Terms & Conditions
Content Sign-Off Deadlines	Monthly content calendars, copy matrices, and social media post grids will be delivered to the Client for review by the 20th of the preceding month. The Client must provide all edits by the 25th. In the absence of communication, the assets are contractually deemed approved to maintain the account's publication schedule.
Platform Ban & Compliance	Bindzo 8 Private Limited strictly adheres to platform terms of service (Meta, Google, LinkedIn Ads). We are not legally or financially liable if a platform flags, throttles, or suspends the Client's ad accounts due to the nature of the Client's business model, industry sector (e.g., finance, crypto, medical), or historic account violations.
Lead Quality Disclaimer	For lead generation campaigns, Bindzo 8 Private Limited optimizes ads targeting user intent and demographics specified in the SOW. We do not guarantee the closing rate, fiscal capability, or accurate data input of the end consumers filling out the forms.
Retainer Termination	Running monthly digital marketing retainer contracts require a strict, written 30-day notice period from either party. The Client is fully liable to pay for the operational management fees of the final 30 days regardless of whether they choose to pause ad spending during that period.
Ad Account Ownership	All ad accounts will be set up under the Client's business manager, ensuring the Client retains historical access. Bindzo 8 Private Limited acts as a technical manager.

Website Development Terms

Clause / Category	Terms & Conditions
Content Stall Clause	The Client must deliver all copy, images, branding assets, and product data within 14 calendar days of project kickoff.If the project is stalled for more than 30 days due to missing Client assets, Bindzo 8 Private Limited reserves the right to invoice the Client for work completed to date and archive the project. Reactivation will incur a 15% rescheduling fee.
Browser Compatibility	The website will be fully optimized for modern, updated versions of Google Chrome, Apple Safari, Mozilla Firefox, and Microsoft Edge.Bindzo 8 Private Limited does not support deprecated legacy browsers (such as Internet Explorer) or obscure third-party mobile browsers.
Hosting & Environment	The Client is responsible for procuring and maintaining hosting servers and domains. Domain registration and website hosting services are subject to annual renewal charges.If the Client provides poor-quality, slow, or restricted shared hosting that compromises website performance, Bindzo 8 Private Limited is not responsible for optimizing beyond standard code compliance.
Post-Handover Damage	Once administrative credentials are handed over to the Client following final payment, Bindzo 8 Private Limited is not responsible for site breaks caused by Client employees installing unsupported plugins, breaking core CSS, altering database tables, or neglecting core platform updates.
Payment process	50% deposit to start design and development, 30% upon staging server site review, and 20% before transferring the website files to the live production server.

Mobile App Development Terms

Clause / Category	Terms & Conditions
App Store Rejections	Bindzo 8 Private Limited guarantees that the application code will pass standard technical architecture evaluations of the app stores.If Apple App Store or Google Play Store rejects the application based on the Client's business classification, content strategy, or strict local government guidelines, Bindzo 8 Private Limited is not liable. Fixes for policy rejections will be billed extra.
Store Account Maintenance	The Client must purchase, set up, and maintain their own Apple Developer and Google Play Console organizational accounts.Bindzo 8 Private Limited will act as an invited technical manager only. Store annual renewal charges are the sole responsibility of the client.
OS Version Coverage	The mobile app will be built to support the current stable public releases of iOS and Android, and up to two previous major versions.We do not guarantee performance compatibility with unreleased beta operating systems or outdated legacy devices unless explicitly defined in the SRS.
Post-Launch Support	Includes 45 days of deployment maintenance to monitor app stability, crashes, and critical system errors within the original scope.It explicitly excludes modifying workflows, changing UI elements, or adding new features. Post this window, an Annual Maintenance Contract (AMC) is required.
Payment process	40% Kickoff Advance, 40% upon Beta app distribution via TestFlight/Firebase, and 20% upon compilation and successful submission to the respective App Stores.

SEO (Search Engine Optimization) Terms

Clause / Category	Terms & Conditions
Minimum Commitment	The Client acknowledges that organic SEO is a long-term strategy and search engine indexes take time to update. This agreement carries a strict minimum lock-in period of 6 consecutive months. Early termination by the Client before the 6-month period will trigger an immediate early-exit fee equivalent to 50% of the remaining contract balance.
No Keyword Guarantees	Due to continuous, unannounced updates to search engine algorithms (Google, Bing, etc.), Bindzo 8 Private Limited explicitly states that no agency can guarantee a specific #1 position or permanent ranking for any keyword. We guarantee the execution of professional white-hat SEO methodologies as outlined in the Statement of Work (SOW).
System Access & Implementations	The Client must provide secure structural access (CMS backend, FTP/hosting, Google Analytics, Search Console) within 5 business days of contract signing. If the Client's internal technical team delays the implementation of Bindzo 8 Private Limited's technical SEO recommendations by more than 10 business days, Bindzo 8 Private Limited is released from any timeline dependencies.
Third-Party Disruption	If the Client, their employees, or another external agency makes independent code modifications, alters the URL structure, modifies robots.txt, or publishes content that damages the website's SEO health without our written consent, Bindzo 8 Private Limited will charge a separate technical restoration fee to correct the issues.
Link Building Policy	All backlinks acquired during the campaign duration are permanent at the time of publishing. Bindzo 8 Private Limited is not responsible if a third-party publisher website changes its domain authority, removes a page, alters link attributes, or shuts down operations post-publishing.

Payment process	Billed as a fixed monthly retainer. Invoices are generated on the 1st of every month and must be cleared within 7 business days to avoid service suspension.
------------------------	--

Design Solution Terms

Clause / Category	Terms & Conditions
Advance Payment	Design projects will begin strictly only after receipt and verification of the agreed 50% non-refundable advance deposit.
Strict Revision Ceiling	The project quotation covers exactly 3 rounds of revisions based on the selected design concept. A "round" is defined as a consolidated list of feedback items sent by the Client at one time. Scattered feedback or revisions requested after the 3rd round will be billed strictly at an additional rate of \$XX / ₹XX per hour or per asset.
Scope Creep & Alterations	Any request to alter the core layout, canvas dimensions, orientation, or fundamentally change the creative brief after design production has begun will be treated as an out-of-scope modification and will require a new cost quotation.
Feedback Turnaround	The Client must provide comprehensive feedback within 3 business days of receiving a draft. If no feedback is received within 7 calendar days, the draft will be contractually deemed approved, and Bindzo 8 Private Limited will proceed to bill for the final milestone.
Intellectual Property	All conceptual drafts, mood boards, rejected design variations, and preliminary sketches remain the absolute intellectual property of Bindzo 8 Private Limited. The Client only acquires the usage/ownership rights for the final, approved graphic asset upon 100% financial clearance.
Asset Licensing	The Client is responsible for paying for any premium stock images, custom typography licenses, or vector elements explicitly requested by them that fall outside Bindzo 8 Private Limited's standard internal asset libraries.

Branding Terms

Clause / Category	Terms & Conditions
Brief Freezing	Branding strategy is constructed entirely on the initial creative questionnaire completed by the Client. Once this questionnaire is signed off and research begins, any pivot in the brand vision, target demographic, or brand name by the Client will cancel the active project and require a new onboarding contract.
Concept Limitations	Bindzo 8 Private Limited will present a maximum of 2 core visual identity concepts. The Client must formally select 1 concept for refinement. Requesting a completely new 3rd concept from scratch will incur an additional fee equal to 40% of the total project value.
Trademark Disclaimer	Bindzo 8 Private Limited creates completely original visual designs and conducts basic digital availability checks. However, we do not provide legal trademark registration, copyright searches, or patent vetting. Vetting the brand name and finalized mark through local legal counsel remains the sole responsibility of the Client.
Intellectual Property	Raw editable vector source files (.AI, .EPS, .PDF) for the one chosen and finalized logo/brand package will be compressed and securely transferred only after the final payment milestone invoice is fully cleared. Unused concepts remain the sole property of Bindzo 8 Private Limited.
Payment process	50% non-refundable advance required to initiate research. Remaining 50% due immediately upon final brand book approval and before source file delivery.

Standard Business Terms & Governing Clauses

Clause / Category	Terms & Conditions
Payment method	Bank Transfer / NEFT / RTGS - Direct Cash - UPI (Google Pay, PhonePe, Paytm).
Late Payment & Interest	Any invoice left unpaid for more than 7 calendar days past the specified due date will automatically accrue interest calculated at 2% per month on the remaining outstanding balance, compounded weekly.
Suspension of Services	If an invoice remains unpaid for 14 calendar days past due, Bindzo 8 Private Limited reserves the absolute right to immediately suspend all active projects, revoke live system access, pause advertising campaigns, or take down active staging environments without any legal liability for client business disruption.
Limitation of Financial Liability	In no event shall the total aggregate liability of Bindzo 8 Private Limited for any claims, losses, damages, or breaches arising out of this contract exceed the total actual amount paid by the Client to Bindzo 8 Private Limited for that specific service milestone.
Working days & hours	Monday – Friday, 10:00 AM – 7:00 PM (IST). Communications or requests sent outside these hours will be addressed on the following business day.
